MEMORANDUM FOR: Chief, FI/OPS

SUBJECT : Seminars Sponsored by FI Staff

1. This office has been very happy to participate in the Liaison and Non-Official Cover seminars sponsored by the FI Staff. They have proven not only useful and interesting, but are important to us as a reflection of current CS thinking on key aspects of our business. As you know, it is a vital part of our job to ensure that any results of a doctrinal character are, then, properly introduced into pertinent training courses. Therefore, we appreciate receiving any studies or papers (e.g., the Pros and Cons of Non-Official Cover sent to [REDACTED] on 1 August 1968) which come out of the seminars.

2. To the extent that instructor schedules permit, we hope to send representatives to the seminars who have had experience relevant to the topic being discussed. Would you, please, therefore, send announcements of the seminars, materials distributed for reading in advance of the sessions, and products from the seminars to:
